

ALSI

Sludge Dewatering Bags

ALSI AL400B-A3

ALSI Dewatering Bags are designed to simplify filtering, collecting, and cleaning tasks, offering a versatile solution for your specific needs.

NEW DESIGN (2024)

Our innovative new bag design has now been expanded to include our entire product line. The redesign achieves superior dewatering characteristics.

SPLASH GUARD

Ensures that excess splatter is contained — some available without when visibility is key.

STRONG LOOPS

Allows for easy positioning and lifting — bags with safety loops greatly enhance safe disposal.

5:1 SAFETY FACTOR

Weight tested at 5 times the safe workload rating.

ISO 21898 CERTIFIED

Guarantees tight tolerances, structural integrity, and a safe working load.

AVAILABLE FROM STOCK

All bags are in stock and ready to ship.
